

FOR IMMEDIATE RELEASE

GEODETICS RECEIVES THE ITEA 2005 PUBLICATIONS AWARD

La Jolla, California – August 2005 – Geodetics announced today that it has been selected, together with its co-authors, as a recipient of the 2005 Publications Award from the International Test And Evaluation Association (ITEA) for the paper titled “Epoch-by-Epoch™ Real-Time GPS Positioning in High Dynamics and at Extended Ranges”, which appeared in the September/October 2004 *ITEA Journal of Test and Evaluation*.

The Publications Award is presented for contributions to the body of literature in the form of a book, technical paper that improves the understanding of test and evaluation.

The award will be presented during the 2005 Annual ITEA International Symposium on Wednesday, September 28, in Albuquerque, New Mexico.

Geodetics Inc., a Woman Owned Small Business (WOSB), was founded in 1999, and is privately held with headquarters in San Diego, California. Geodetics develops and markets real-time, high-precision, and extended spatial coverage GPS positioning and navigation solutions.
